Important Information

- The Intercom system can work as a stand alone intercom with no requirement for Wi-Fi connection and Mobile App service.
- For Wi-Fi App connectivity the system requires a quality internet and Wi-Fi connection at the monitor location
- Speeds greater than 1.2 Mbps upload are recommended for quality and reliability
- Many ISP providers restrict some activity within router/modems; an IT specialist may be required to unlock these restrictions. This may fall outside a standard installation.
- Dorani bears no responsibility for connection problems based on 3rd party equipment.
- Warranty does not apply in the event that reliability issues are 3rd party related.
