

## Resetting your App Password

If you have previously been using the Dorani IP Viewer App and have forgotten the Password for the App please follow these steps.

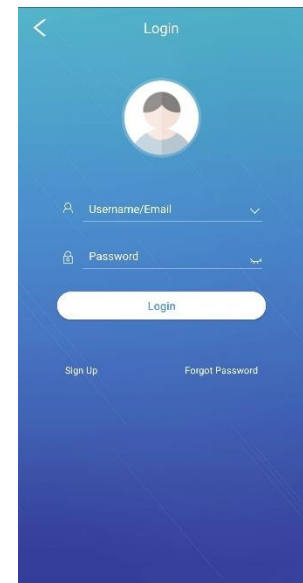

\Note: The email address is what you initially set the App up with, if you don't remember this email, you may need to follow the "New Ownership" Guide and bind the system to a new account.

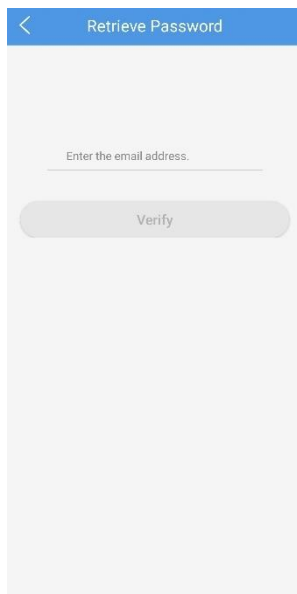

Click the 3 Menu Bas  
at the Top Left

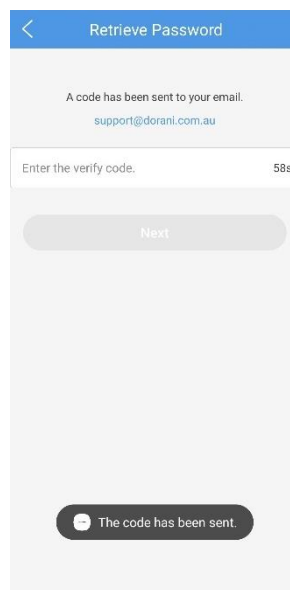

Press the Login/Sign  
Up Button

Press Forgot Password

Fill in The Email  
address that you  
initially Set – Press  
Verify

An Email will be sent,  
please enter the  
verification code  
received.

Please enter a new  
password, then you  
will be able to login  
with these details
